DOGWOOD

Dogwood. White. Early spring finds the Dogwood in full bloom, clothed in white loveliness. Throughout the summer its foliage is a soft green, turning to brilliant dark red in the fall. One of the most decorative of house trees, it is one of the most popular.

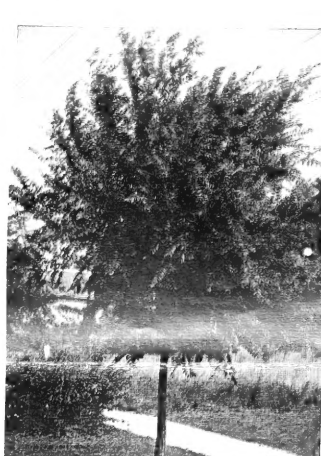

MIMOSA

The Silk-Tree has pale green, fern-like foliage, delicately lacy and very decorative. An abundance of pale blossoms covers the branches in early summer on a fast-growing tree that may reach 30 feet in height. Its popularity is steadily growing.

REDBUD

A rapid-growing tree with a rounded, rounded top reaching about 10 to 15 feet in height. It comes in a variety of colors of the leaves. These are green, pink, red, and white. The flowers come out all along the branches and are very showy. The tree is very hardy and grows well in all climates. It is a very popular tree for its beauty and its rapid growth.

CHINESE ELM

It is a fast-growing tree, reaching about 10 to 15 feet in height. It has a very dense foliage and is very hardy. It is a very popular tree for its beauty and its rapid growth.

5 to 7 ft. 1.49 each

TRANSPORTATION NOTICE

Two Order Blanks are enclosed for your convenience. Please use Order Blanks designated "Roses & Small Fruits" for ordering roses and grapes, which are sent prepaid.
Please use Order Blanks designated "Nut Trees, Shade Trees, Ornamental Trees, Flowering Shrubs, Evergreens and Fruit Trees" for all other plants. Our prices are so low that these must be shipped F.O.B. our Nurseries. We invite a comparison of our prices with others. Unless you specify method of shipment on plants other than roses and grapes, we will express our best judgment in choosing method of shipment, depending on size and weight. Be sure to designate your Express Office if not the same as your mailing address.

GUARANTEE

We guarantee to ship you first-class, well-grown, healthy plants in good growing condition. Most failures are due to lack of watering before planting, lack of sufficient water after planting, improper care after fertilization, frost, etc., and we cannot therefore be held responsible for the results. However, we will replace at half the catalog price any plant or plants we sell that die, if notified by June 1 following planting, but in no case will we be liable for more than the purchase price of the plants.

BREEDLOVE'S ROSES

MRS. BREEDLOVE'S FAVORITE DOZEN

Mrs. Breedlove's selection of these twelve varieties has been made after seeing more than twenty-five million plants grow during a twenty-five year period and observing perhaps a billion rose blooms. She has made thousands of rose arrangements for homes and shows and is well qualified to judge blooms.

Of all the many scores of varieties we grow, this is her favorite dozen.

These roses are grown in our fields, Tyler, Texas, "THE ROSE GARDEN OF AMERICA," by the latest scientific methods, which insures their fine quality, vitality, and bloom productiveness.

We use the best and most up-to-date processes known in growing, digging, storing, packaging, and shipping rose bushes. They will, therefore, reach you in perfect condition for planting.

IMPORTANT!
ALL OUR ROSES ARE
NO. 1 GRADE

Mrs. Breedlove's FAVORITE DOZEN

... for arranging, for color contrasts and accents, for range of hue ... all as important as the pigments on your palette before you take up your brush to make the first stroke on canvas ... these are the roses you will use for striking effects in shadow-box display or table placings.

One each of all twelve roses
